

GALERIE OLD CHELSEA

«PAYS DE RÊVES» / "DREAMLANDS"

Friday, November 19, 2021 to Sunday, December 5, 2021

La Galerie Old Chelsea est heureuse de présenter les peintures de Richard Austin, un artiste de Chelsea.

Les peintures de Richard ont une qualité spontanée et dynamique accentuée par des contours prononcés et l'utilisation d'une palette de tons limitée. Qu'il s'agisse de paysages abstraits, de natures mortes ou de critiques sociales, ses peintures reflètent des incursions dans le monde du rêve, rendant l'inconscient visible à travers l'art. Les peintures d'Austin font un fort usage de symboles et sont contemporaines dans leur utilisation d'une surface visuellement plane sans l'utilisation d'éléments atmosphériques, d'avant et d'arrière-plans. Son message se résume à une clarté de lignes pour communiquer son idée.

Galerie Old Chelsea is pleased to present the paintings by Chelsea painter Richard Austin.

Richard's paintings have a spontaneous and dynamic quality accentuated by pronounced contours and the use of a limited tonal palette. Whether abstract landscapes, still life or social critiques, his paintings reflect forays into the dream world, making the unconscious visible through art. Austin's paintings make a strong use of symbols and are quite contemporary in their use of a visually flat surface without the use of atmospheric elements, foregrounds and backgrounds. His message is brought down to a clarity of line to communicate his idea.
